Introduction

The 2011 Fantasy Female Calendar & Print Set features: 12 unique high-definition photos of attractive females in interesting poses. (Many are wearing fantasy style clothing and/or brandishing various weapons.) Most of the models are scantily clad, there is one topless photo of an Amazon and a picture of Wood Nymph wearing nothing but body paint. (All pictures are tastefully done in an artistic fashion similar to what you might find at a high-end art gallery.) Some pictures have been digitally enhanced to provide a more interesting effect.

Specifically the pictures in this set include. Moon warrior with sword, (cover) Wizard in a mirror, Tigress on the prowl, Rogue with sword, Shaman, Amazon with spear, (Topless) Moon maiden with a flail, Huntress with Spear, Wood Nymph, (In body paint) Vampire, Necromancer with rod, and a Rogue climbing a roof.

The pictures added to this pdf.file are compressed from 15 meg jpegs, they are designed to provide the user with high-definition 8.5 x 11 inch prints. (With ½” borders on all sides) Pictures and calendar pages may be printed-out and used in the typical way. (High gloss photo paper is recommended for prints.) Picture and calendar may be copied and pasted side by side into a 17x22 inch page and displayed as background on most computers desktops. (Using MS Paint or most photo editors.) PDF may also be saved as an icon on the desktop of most computers, and quickly opened to the appropriate month. (This PDF calendar is designed to allow users to add and delete notes where desired upon this calendar.)

Please note: If you would like large uncompressed, print to poster size jpegs of these photos they will soon be available at www.DunJon.com for a nominal fee. (As well as numbered and signed artist/photographer limited edition full color prints of various sizes.)
